The benefit is payable to the group master policyholder, provided that the group master policyholder is a regulated entity otherwise the benefits will be payable to the nominee.

In case of death of any one of the joint borrowers, where all the joint borrowers are insured for 100% of the loan amount, the applicable surrender value will be paid to the remaining/surviving joint borrowers. On such payment of the surrender value, the insurance cover shall cease on the lives of the remaining/surviving joint borrowers.

In case of death of one of the joint borrowers, where all the joint borrowers are insured as per their respective loan share, the cover on the lives of the remaining joint borrowers will continue for their respective outstanding loan amounts and for the balance repayment term.

There is no survival/ maturity benefit under this plan.

What happens if a borrower prepays his/her loan?

If the borrower prepays his/her loan in full, he/she is entitled for the surrender value. The surrender value is available at any point of time from the start of the cover, and will be as follows*:

$(45\% \text{ of the Premium paid less taxes}) \times (\text{Unexpired term/ Total term}) \times (\text{Sum Assured benefit at the time of surrender}^{**} / \text{Sum Assured at inception}).$

* See Example for calculation

** If moratorium option is chosen then the sum assured benefit at the time of surrender will be limited to the sum assured at inception in the above mentioned formula.

*Are there any tax benefits?^{**}*

An insured borrower who bears the premiums may be eligible for benefit under Section 80C of the Income Tax Act, 1961. Death claim payouts are currently tax free (as per Section 10 (10 D) of the Income Tax Act, 1961)

** Subject to changes in the tax laws. Please consult your tax advisor

Example of how this Plan works:

A 40 year old customer, in good health, borrows Rs. 10, 00,000 for a term of 20 years to buy a house. This borrower elects to cover the outstanding balance of the loan under Dhanaraksha Plus SP. The single premium is 4.927 % of the loan amount, which works out to Rs. 49,270.

In case of the unfortunate death of the borrower at the end of year 3 (say), the death benefit payable will be the outstanding loan amount as printed on his Certificate Of Insurance, i.e Rs. 950,992.

In case the same borrower wants to surrender at the end of third year, then the surrender value would be:

$$45\% * 49,270 * (17 / 20) * (950,992 / 1,000,000) = \text{Rs. } 17,922$$

If the same customer opts for 24 months moratorium period with interest payment during moratorium period, then the cost of the moratorium cover will be 3.01% of the Dhanaraksha Plus single premium amount of Rs 49,270 (without moratorium option), as shown above. Thus the cost for moratorium cover works out to Rs 1,483 and the total premium will be Rs 49,270 *plus* Rs 1,483 i.e. Rs 50,753. In case of unfortunate death of the life assured at any point of time during the moratorium period, the benefit payable will be equal to the loan amount of Rs 10,00,000

And, if the same customer opts for 24 months moratorium period without interest payment during moratorium period then the cost towards the moratorium cover will be 26.90% of the Dhanaraksha Plus single premium amount of Rs 49,270 (without moratorium option), as shown above. Thus the cost for moratorium cover works out to Rs 13,254 and the total premium will be Rs 49,270 *plus* Rs 13,254, i.e. Rs 62,524. In case of unfortunate death at the end of 12 months from the policy cover start date (i.e. death during the moratorium period), the benefit payable will be equal to the loan amount of Rs 11,15,719 (initial loan amount *plus* accrued interest).

SBI Life will pay out claim amount to the group master policyholder, provided that the group master policyholder is a regulated entity otherwise the benefits will be payable to the nominee, and the borrower's family will have a debt free house.

What are the exclusions under this Plan?

- During the first 45 days from the date of commencement of cover for an Insured Member, the Company shall not be liable to pay any claim amount except for a claim arising out of death due to accident.
- If the group member (Life Assured) commits Suicide, whether sane or insane, within one year from the Date of Commencement of the Insurance Cover for that member, the Company shall refund 50% of basic Premium paid (excluding taxes) and all insurance for that member will automatically cease
