Request for Proposal (RFP) Outsourcing of Voice BOT Calling Services

Any change in the above-mentioned timelines will be communicated through corrigendum on the website of the company.

1. Introduction and Background

1.1. About SBI Life

SBI Life Insurance ('SBI Life' / 'The Company'), one of the most trusted life insurance companies in India, was incorporated in October 2000 and is registered with the Insurance Regulatory and Development Authority of India (IRDAI) in March 2001.

Serving millions of families across India, SBI Life's diverse range of products caters to individuals as well as group customers through Protection, Pension, Savings and Health solutions.

Driven by 'Customer-First' approach, SBI Life places great emphasis on maintaining world class operating efficiency and providing hassle-free claim settlement experience to its customers by following high ethical standards of service. Additionally, SBI Life is committed to enhance digital experiences for its customers, distributors and employees alike.

SBI Life strives to make insurance accessible to all, with its extensive presence across the country through its 952 offices, 18,515 employees, a large and productive individual agent network of about 146,057 agents, 50 corporate agents, a widespread bancassurance network of 14 partners, more than 29,000 partner branches, 114 brokers and other insurance marketing firms.

In addition to doing what's right for the customers, the company is also committed to provide a healthy and flexible work environment for its employees to excel personally and professionally. SBI Life strongly encourages a culture of giving back to the society and has made substantial contribution in the areas of child education, healthcare, disaster relief and environmental upgrade.

In 2021-22, the Company touched over 2 lakh direct beneficiaries through various CSR interventions.

Listed on the Bombay Stock Exchange ('BSE') and the National Stock Exchange ('NSE'), the company has an authorized capital of Rs. 20.0 billion and a paid-up capital of Rs. 10.0 billion. The AUM is Rs. 2,674.1 billion.

(Numbers & data mentioned above are for the year ended March 31, 2022)

1.2. Objective

“SBI Life” invites proposals from interested participant(s) of repute for providing services mentioned below.

Scope – Voice BOT Solution Services provided by Participant(s)

This RFP is an invitation to the market players having experience and expertise and the requisite licenses and permissions in providing activities as detailed in the scope under **Section 2** of this RFP.

No contractual obligation of whatsoever nature shall arise from the RFP process unless and until a formal contract is duly signed and executed between SBI Life and the selected participant(s).

2. Scope of Work

“SBI Life” is looking at a service solution that encompasses following activities/functionalities as mentioned below in Scope.

Contacting the Customers/Sales Force/Any other group of SBI Life spread across India by outbound calling in English and/or in regional languages through voice BOT solution services.

Voice BOT Solution Services

Outbound Calling Services are having Sub activities considered by SBI Life under outbound Tele-calling are mentioned below as ‘Sub Scope’

Sub Scope –

SBI Life considers below mentioned important activity under outbound tele-calling services.

Calling for Renewal Premium Collection

The Renewal Calling is an outbound calling activity done for the follow up/ reminder calling for renewal premium collection. The renewal calls are made to the customers for whom the policy renewal premium is due. The intention of this calling activity is to inform / intimate regarding due premium and help to improve the renewal collections.

1. Voice of Customer (VOC) disposition details to be provided by Participant(s) as per requirements of SBI Life. Frequency of sharing VOC reports will be as per requirement of SBI Life.
2. Participant(s) may be required to integrate with SBI Life’s CRM & other applications.
3. The calling intensities & call duration will differ for each category based on the nature of calling.

Any other used cases of outbound calling activities in future.

1. Pre-issuance Welcome Calling (PIWC) is an outbound calling activity done prior to issuance of the policy. The welcome calls are made to the customers who have applied for SBI Life policy. The intention of this calling activity is to verify and confirm correctness of the customer details.
2. Lapse revival calling.
3. Surrender prevention calling.
4. Calling for Maturity/Foreclosure/Data Enrichment follow-ups
5. Other Miscellaneous Calling Services

2.1. Solution Capabilities**(A) Mandatory Features****(1) Conversational voice BOT solution service – AI (Artificial Intelligence)**

- i. Design, develop and deploy Artificial Intelligence, Machine Learning and Natural Language Processing based conversational voice BOT solution
- ii. The voice BOT solution deployed should be capable of having an end to end conversation with the Customers. The bots should restrict the conversation using a certain template or pattern.
- iii. A soft skilled Indian style persona has to be developed for the BOT/Voice Assistant to make the interactions more engaging & humane.
- iv. The solution should support continuing conversation without losing context. Support for continuity in conversation, to anticipate and understand Customer intent.
- v. During voice interactions (Voice-only) the voice BOT solution should give cues when a customer needs to respond
 - ☐ It should prompt the customer at the right time and not assume that the customer knows what to do
 - ☐ The options prompted to a customer should be clear and concise
 - ☐ The options presented to a customer are limited and planned
- vi. The voice BOT solution should act smartly with predefined workflows like greeting on entry or exit, response to customer inputs.
- vii. The voice BOT solution should work optimally with noise conditions, different Indian accents, age groups etc.
- viii. It is expected to have Insurance Domain specific vocabulary which is required to develop voice BOT solution in the scope of this RFP.

(2) Integration (through APIs / SFTP)

- To process data in external systems through API which can support data fetch / push from / to multiple data sources & basic ETL features.
- To consume SBIL APIs for data fetch from CRM & MIS for data push & transaction execution. Further this can be used for SMS triggering & Email push.

- The application APIs are able to support status updates for the calling data shared by SBI Life.

(3) Language Capabilities

- Participant should be capable of providing regional languages such as Hinglish, Tamil, Telugu, Malayalam, Odia, Bangla, Kannada, Assamese, Marathi, Punjabi, Gujarati along with English and Hindi right from the beginning of the go live.
- Calls should be made in all major Indian languages.
- Ability to handle Dialects & Accents of different regional languages as mentioned above.
- Voice BOT solution should be capable of switching languages during the call based on customer request.

(4) Voice synthesis

- The voice BOT solution should have high accuracy and should be clear & like highly human voice, it has to deliver kind of human touch and required to be understand customer emotions at times.
- Customization is one of the basic requirements based on the different call scenarios.

(5) Custom Dashboards

- All the MIS reports, calling dispositions & logs to be made available on real time basis for the calling done.
- The analytics to be made available for all the calls done and customer intent recognition and exceptions to handle.

(6) SMS & Call Transfer Facility.

- The voice BOT solution system has to support for sending real-time SMS, using either own SMS Pipe or SBI Life's service provider. Whitelisted templates provided by SBI Life shall be used with SBIL's sender ID for this activity.
- If voice BOT solution is unable to handle particular call, if necessary call transfer facility to human agent to be available.
- If customer is asking for call back there must be provision to call back to the customer as per preferred date and time asked by the Customer.

(7) Call Recording & Storage

- API service to be made available for SBI Life users to fetch call recordings on request
- The recordings can be transferred & purged as per requirement of SBIL.

- (8) Ability to integrate with any external dialer for both inbound and Outbound calls if needed

(B) Other optional Features & Differentiators

- (1) To maintain Call Transcripts- speech to text
- (2) Speech analytics is considered as added advantage to understand customer emotions / sentiment detection.
- (3) Voice bot assisted web browsing for existing integrations with payment gateways
- (4) Indian Language Support (other than mandatory languages in Section A)
- (5) Ability to switch over to SBIL's own telephony infra if required in future
- (6) Response speed & quality of intent recognition.
- (7) The voice BOT solution is expected to listen while customer is speaking & interruption handling (take input in between a conversation). Ability to handle multiple intents and take a new intent & remember old one when interrupted.
- (8) Auto reconnect on call drop is expected for both inbound & outbound callings.
- (9) Ability to retain the context in case of a call drop, to amend the context without having the caller to explicitly repeat the query/issue again.
- (10) Share information that the customer requests through an email or SMS in real-time
- (11) Customizable user interface for payment link
- (12) Out of the box recognition of insurance specific entities and intents like pay premium, enquire premium due and/or date and enquire maturity value and/date. Also, to recognize the entities like Policy Number, Sales Channel, Insurance product types (term, ULIP, Savings.) and Insurance Service Names (Fund Switch, Surrender, Discontinue, Frequency change ...)
- (13) Solution extendable to handle inbound calls & act as a Smart IVR if needed in future

3. General Requirements:

General requirement will cover all the scopes including their sub-scopes.

3.1 Regulatory & Mandatory Requirements

- I. This shall be an offsite activity at vendor's premises (private/public cloud)
- II. The participant should have been registered as tele-marketer with TRAI.
- III. Participant(s) should be complying with TRAI regulations & all other stipulations with respect to tele-calling
- IV. Participant(s) should adhere to IRDAI regulations and guidelines and other applicable laws & regulations applicable from time to time (issued from time to time) including outsourcing policy of SBI Life.
- V. The participant(s) should conform to SBI Life's Information Security Policy for third party & cloud security policy also.
- VI. It shall be the responsibility of the participant(s) to ensure that they possess necessary skills, expertise, manpower, infrastructure, licenses, authorities and approvals in case

of any third-party patents, trademark, copyrights, and intellectual property rights. Any statutory or regulatory approvals and compliances thereof shall be the sole responsibility of the participant(s). SBI Life shall not be a party to and shall not be made a party to any violation of any Laws / Regulations / Statutes / Intellectual Property Rights of whatsoever nature by the participant(s).

- VII. Design Conversational voice BOT solution to cater to the need of the business teams of SBI Life for the policy renewal reminder and other use cases.
- a. Configure, train & deploy voice BOT solution for outbound calling
 - i. Multi language
 - ii. Automated intelligent retries with analytics
 - iii. Objection handling
 - b. Deliver the defined use cases with speech enabled interactive services in the required languages
 - c. End to end process flow design and deployment
 - d. Tune, refine & optimize communication parameters to achieve highest performance parameters

3.2 Calling Data & Intensity of calling

- I. The data of the customers to be contacted shall be provided by SBI Life daily or at regular intervals as per SBI Life requirements.
- II. All the cases have to be called till phase out confirmation is received from SBI Life.
- III. The call intensity may vary for different categories/set of data as per SBI Life requirements from time to time.
- IV. It shall be the responsibility of the participant(s) to ensure that calling is done in all cases and status is updated in real time.

3.3 Calling Infrastructure Requirements

- I. GSM based lines, PRI lines or any other tele-calling lines will be installed & managed which are true caller certified. by the participant(s). one time & recurring charges will be borne by the participant(s). The infrastructure hosted in co-location DCs in India.
- II. Participants should provide the module/ link, through which SBIL official will be able to hear the recordings of the customer for the period it is required to be stored by the participant.
- III. There should be a provision to hear the call recordings which are not shared with SBIL through a module of the participant which should be accessible to SBIL.

3.4. System integration Capabilities

- I. Participant to integrate with SBIL's secure web services for SMS and Email campaigns and execute the campaigns as per instructions from SBIL. At the same time participant should have facility to push the SMS with bitly link at their end.
- II. Participants should have the capabilities to integrate with SBI Life systems, work-flow & CRM as per requirement from time to time. API integration to be done for all critical services.

III. Masking of sensitive Data if needed.

3.5 Manpower Requirements & Job Roles

1. The Vendor should execute NDA from each of its employee/agent and make available it to SBI Life officials during the audits.

3.6 Call Recording

- I. 100% call recording, storage and retrieval capabilities of calls made to the customers and providing complete access to such recordings as per SBI Life's requirements.
- II. Call recordings should be made available to SBI Life on same day for requests raised. Exceptional cases to be handled differently. Also, provision should be made to transfer recordings to SBIL through SFTP daily or as and when as per the defined frequency.

3.7 Operating Window

Calling is to be done on all the days of a week between 9.00 am to 8.00 pm. The calling/hours may be extended/changed in future depending upon the business needs and experience of SBI Life

3.8 Security and Privacy

- I. Exchange of data would be through SFTP and web services. Certain files might be required to be accessed and acted upon daily before calling starts. These files will be shared through SFTP mainly or in regular interval through web service. Also, certain activities like remove stop call, mark stop call, immediate calling will also be done through SFTP or web service. Also, API integration should be done for all critical services.
- II. All communications containing customer information between the participant(s) and SBI Life must be in encrypted form.
- III. The participant(s) should confirm to SBI Life's Information Security Policy for third party.

3.9 Audit Trail & Reports

- I. The disposition of the calls & reports should be done as per the categorization and format shared by SBIL.
- II. Additional Integrations & MIS requests as required by SBI Life to be provided (adhoc & otherwise)

3.10. Calling Scripts

- I. Standard templates of calling scripts will be shared by SBI Life and only those calling scripts will be used for calling through voice BOT solution.
- II. Participants will create the Templates which are suitable for voice BOT solution calling as per calling scripts shared by SBI Life. One product can have multiple templates.
- III. All the calling scripts will have systematically designed version control indicators and relevant templates should be picked automatically as per the version required for the calling type. Version controls of the same will be maintained by the participants.
- IV. The calling scripts designed by the participants will be exclusively for SBI Life. SBI Life will have the copyright on all the calling scripts / templates designed in this process.
- V. All the calling scripts / templates have to be specifically approved by SBI Life. Modifications in the calling scripts / templates by the participants cannot be done without specific authorization from SBI Life.

4. Technical Requirements (IT)

Data for calling will be accessed by participant(s) either through secure ftp or through using web services over internet or any other secured modes. The transfer of data/dispositions should be automated to SBI Life's system on real time basis. With the selected participant, SBI Life will share details of the secure ftp / secure web services. Selected participant(s) will need to demonstrate readiness to get this process completed with due security assessment completion from SBI Life & participant's information security within agreed project timelines from date of due formalization of the engagement.

Further requirements as per Annexure VII- Technical requirements should be mandatorily followed.

5. Information Security Requirement:

The participant should adhere to the mandatory 'Information Security Requirements' criteria as mentioned in Annexure-VI.

6. Eligibility & Evaluation Criteria & Methodologies

Proposals should be submitted by single entity/organization. The participant(s) will not be permitted to submit the proposal in consortium with another participant(s).

The services provided should conform to the best in industry standards and practices.

6.1. Common Eligibility Criteria

Participant(s) must be –

1. Company Registered under the relevant provisions of the Companies Act, 2013, or
2. Limited Liability Partnerships registered under the relevant provisions of the Limited Liability Partnership Act, 2008, or
3. Partnership firms registered under the Indian Partnership Act, 1932 or

4. Must have prior experience and proven capability in providing Voice BOT Solution services to multiple clients and implemented at least one project in BFSI sector with the similar scope mentioned in this RFP
5. Client reference & contact details (email/ landline mobile) of customers for whom the bidder has executed similar projects (start date & end date of the project of the project to be mentioned) in the past. (At least 3 client references required)
6. Participants should not have been blacklisted by any bank/ Insurance Company/ BFSI Company/ any regulatory body etc., IRDAI, RBI, SEBI, TRAI, DOT in the past 5 years.
7. Participant(s) should not be a group entity or related party of any Insurer or insurance intermediary or the Directors/ partners of the participant should not be having any insurance agency. Further the participant(s) must give an undertaking that they or their group entity and related parties do not have any insurance intermediary license and that none of their Directors/ Partners have any insurance agency. This is an essential prerequisite for considering the proposal of the participant(s). Further, the selected/empaneled participant(s) or entity or related party or any of their directors should not obtain any insurance license either as a broker or an agent [individual or corporate agency] during the term of the agreement with SBI Life and for a period as stipulated in the SLA, subsequent to the termination of the contract with SBI Life.
8. The participant must adhere to the Information Technology & Information Security requirements for the activities that shall be carried out for SBI Life, as described in **Annexure VI**.
9. The participant should adhere to the technical requirements as mentioned in the **Annexure VII**.
10. The voice BOT Solution can be provided from cloud environment.

6.2 Common Evaluation Criteria

The participants will be broadly evaluated on the below mentioned parameters. These are only indicative parameters and not the exhaustive list.

1. No. of implementations in the Voice BOT Solution process by participants
2. Participants providing Voice BOT solution and similar services (as mentioned under Section 2 Scope of work of this document) especially to Indian Life Insurers.
3. Adequacy of regional calling & the no. of languages to be covered
4. Demonstration of the participant to adhere to the processes and systems, ability to measure and report TAT and quality through presentation
5. Vendors possessing ISO 9001 and ISO 270001 certification
6. Proven business continuity plan, disaster recovery plan and arrangements to provide uninterrupted services during unforeseen circumstances, disasters and calamities ... etc.

SBI Life also reserves their rights to alter the eligibility criteria if such an alteration is warranted

6.3 EVALUATION METHODOLOGIES

The evaluation will be a three-stage process –

Phase 1 – Eligibility Evaluation

Phase 2 – Technical Evaluation

Phase 3 – Commercial Evaluation

Phase 4 – Techno-Commercial Evaluation

6.3.1 Eligibility Evaluation

The evaluation will involve validating the credentials submitted in the format as prescribed. Credentials without valid proof will be invalid and will not be considered for eligibility.

SBI Life reserves the right to accept or reject proof of credentials at its sole discretion without having to give reasons to the participants thereof. Only those participants meeting the eligibility criteria will be considered for further stages of evaluation

6.3.2 Technical Evaluation

The technical evaluation will constitute evaluation of the participant responses to the technical bids submitted by them. The participants' proposed implementation methodology, project management methodology and resource management methodology will also be considered for technical evaluation.

The following criteria will be adopted during technical evaluation. These are only indicative and not exhaustive.

Sr. No.	Category
1	Number of Voice BOT Solutions delivered and currently being used with similar scope (Bifurcation required for delivered within 6 months & more than 6 months).
2	Number of languages delivered in the existing Voice BOT Solutions and duration to introduce a new language.
3	Scale of Implemented Conversational AI Platform. overall volume of calls handled per day in each installation (maximum & average volume handled).
4	Bot Channels and Interfaces of implemented Voice BOTS (e.g. Web, Mobile App, Google Assistant, Alexa, Siri, WhatsApp etc.)
5	Presentation involving: i. Understanding of the Scope of Work ii. Demonstration of the company's capability, skills, technology set-up and proposed methodology

6.3.3. Commercial Evaluation

The Commercial Proposal must contain charges proposed in the prescribed format only. The commercial proposal format is provided in the **Annexure – II** to this RFP. Any conditional or multiple submissions will result in disqualification of the participant(s).

6.3.4. Techno-Commercial Evaluation

The basis of evaluation will be on techno-commercial criteria. Weightage of the technical commercial evaluation will be on 70:30 ratio

7 Response to RFP

The participant(s) should submit technical proposal in response to this RFP through email only with softcopies of the technical proposal and supporting documents (password protected) to operations.solution@sbilife.co.in. The subject of the mail should be “**Technical Proposal for Voice BOT Solution Services**”. No other form of communication will be entertained. The email should be sent with password protected files and the password to be shared during the opening of the technical bid.

7.1 Technical Proposal

The technical proposal should contain information necessary to establish the credentials for the solution being offered by the participant(s). The information to be covered is indicated below. Requisite documentary evidence needs to be enclosed.

The Technical proposal must contain information proposed in the prescribed format only. The technical proposal format is provided in **Annexure - I** to this RFP. Requisite documentary evidence needs to be enclosed, wherever required. The proposal should clearly mention the scope of activities for which proposal is being submitted.

- Brief company overview.
- Directors/ Management details including ownership pattern, shareholding, whether a listed company etc.
- Business performance during last three completed years along with brief summary of audited financial results
- Certificate of registration (Copy) with TRAI
- Details of industry awards, recognitions, affiliations and certifications, if any.
- Information on the industry exposure, projects executed.
- List of existing clienteles with overview of support provided on projects undertaken for them of similar nature and duration of such projects.
- References from clientele currently using the services defined in the Scope.

- Address of each of the existing operational facilities along with services carried out in respective locations and capacity.
- Name, designation and contact details of the authorized official from the participant(s).
- Lead time required to start the activities (in weeks)
- Details of ISO 9001, ISO 27001 & any other certifications pertaining to Operations & IT Security.
- Technical Overview Format attached as **Annexure – III** duly filled up by the Participant. Attach additional sheets to Annexure – III if required.
- The Participants should also give the details of the penalties imposed if any, during the last five years by various legal, regulatory and Statutory Authorities for violation of or non-compliance with any regulations, statutes etc. of whatsoever description. The Participants should also furnish the details of any penalties of whatsoever nature imposed on any of their Directors during the last 5 years and this statement should be signed by the CEO of the Company or by any Director of the Board duly authorized in this behalf. It is necessary to mention any criminal proceedings that have been initiated or pending during the last 5 years against the organization or against any of its Key Management Personnel and their outcome, if any. The certificate has to be furnished even if there are no penalties imposed.
- NDA & all other Annexures as prescribed in this RFP document.

7.2 Commercial Proposal

The Commercial Proposal must contain charges proposed in the prescribed format only. The commercial proposal format is provided in the **Annexure – II** to this RFP. Any conditional or multiple submissions will result in disqualification of the participant(s).

The charges proposed by the participant(s) and agreed to by SBI Life for the activities covered under scope of RFP shall remain frozen during the term of contract which is 3 years from the term date mentioned in Letter of Intent (LOI).

The continual term extension can be given post 3 years based on SBI Life experience with the selected participant.

The cost/ charges should be quoted in Indian Rupees only and should be exclusive of the applicable taxes. Relative cost, cost as a percentage to some other factor is not acceptable in the commercial format. Tax Deduction at Source (TDS), as applicable, will be deducted by SBI Life.

Bids in consortium are strictly prohibited.

The Commercial proposal is required to be submitted through email only with softcopies (password protected) to operations.solution@sbilife.co.in. The subject of the mail should be **“Commercial Proposal for Voice BOT Solution Services”**. The commercial proposal to be submitted only by those participants, who qualify and score the requisite rating as decided by SBI

Life in the evaluation of technical proposals. No other document should be submitted with the Commercial proposal. The password to be shared during the opening of the bid.

7.3 General Guidelines.

The last date for submission of technical proposal is **08\06\2022 at 15.00 Hrs. (IST)**

All pages of the (technical & commercial) proposal shall be digitally signed by authorized person of the participating company. In case the technical or commercial proposal is incomplete in any respect, SBI Life reserves the right to reject such proposals summarily.

All proposals and supporting documentation shall be submitted in English.

Proposal received through fax shall not be considered.

SBI Life shall not be responsible for non-receipt of proposal(s) within the specified date and time, due to any reason whatsoever. Proposals received after the stipulated time or incomplete in any respect will be summarily rejected.

SBI Life reserves the right to accept or reject any proposal/s without assigning any reason thereof and SBI Life's decision in this regard shall be final and binding. SBI Life also reserves its right to withdraw the RFP process at any stage without assigning any reasons thereof. No communication whatsoever, in any form shall be entertained in this regard.

Participant(s) should submit their bids at their own cost and should bear all the costs of whatsoever nature that they may incur for their participation in the entire process.

Participant(s) must organize their response in accordance with the scope as specified in the RFP (refer Section 2) and under no circumstances extraneous information should be included in the proposals.

This RFP is not an offer by SBI Life but an invitation for Proposals. No contractual obligation of whatsoever nature shall ever arise from the RFP process unless and until a formal agreement is signed and executed by the duly authorized signatories of SBI Life and the selected participant(s).

SBI Life reserves the rights to amend, modify, add or delete either in part or in full any conditions or specifications without assigning any reason during the entire process.

SBI Life reserves the right to disqualify the participant(s) blacklisted by State/Central Govt. undertakings/public sector units or whose contracts have been terminated on account of poor performance, if any such information comes to the knowledge of SBI Life at any stage, either during tendering process or after short listing the participant(s) or at any time thereafter.

The information contained in the proposals should be true and accurate and if it is found that any information furnished in the proposals is wrong or inaccurate, such proposals shall be rejected and

Request for Proposal (RFP) Outsourcing of Voice BOT Calling Services

if any contract is awarded based on such information and if such untrue averments or inaccuracies come to the knowledge of SBI Life subsequent to selection of bidder[s] and award of contracts, such contracts shall be cancelled and SBI Life may pursue such legal options which it may deem fit.

SBI Life reserves the right to negotiate/re-negotiate the prices with the shortlisted participant(s).

8. Clarification

Queries, if any, may be communicated through an email to operations.solution@sbilife.co.in. The subject of the mail should be “**Queries on RFP – “Outsourcing for Voice BOT Solution Services”**”. No other form of communication will be entertained. All queries must be sent to the email ID specified by **27\05\2022 by 15.00 Hrs. (IST)**. Queries received post cut off time may not be considered.

SBI Life shall provide the clarifications to the queries raised by participant(s) on **01\06\2022 at 15.00 Hrs. (IST)** in the pre-bid meeting. The pre-bid meeting will be held at below address –

***SBI Life Insurance Co. Ltd.
8th level, Seawoods Grand Central,
Tower 2, Plot No. R-1, Sector 40,
Seawoods, Nerul Node, Navi Mumbai 400706***

It is necessary to inform us well in advance, the name(s) of the representative(s) of Participant(s), who will be attending the session as scheduled above, along with an authorization letter signed by the Competent Authority of participant(s). This can be communicated through an email on operations.solution@sbilife.co.in.

Participation in the Pre-Bid meeting is non-mandatory. However, it is advisable that participant(s) attend this meeting which would be mutually beneficial.

In addition, to assist in examination, evaluation and comparison of proposals SBI Life may, at its discretion, seek clarifications from participant(s). The response/clarifications shall be in writing and no change in the prices or substance of the proposal shall be sought, offered or permitted.

Note: Email sent by participant(s) to the aforementioned official email id of SBI Life would be considered as written communication in the scope of this RFP.

9. Opening of Technical Proposals

The technical proposals submitted shall be opened by SBI Life for evaluation on **09\06\2022 at 15.00 Hrs. (IST)**. Representatives of the participant(s), may at their convenience, witness the bid

opening process. Participants to share the password on the day of bidding through email before 12 pm.

10. Technical Presentation

Based on the proposals submitted and initial evaluation of the technical proposals, participant(s) will be required to present to SBI Life officials, the proposed solution, discuss related implementation approach & methodologies, and introduce the project team and governance structure in the form of a presentation. These presentations should cover details of the proposal described in this RFP document and its annexure as well as enclosures. The presentations will also give SBI Life an opportunity to clarify issues arising out of the participant(s) response to this RFP. SBI Life shall not be under any obligation to bear any part of the expenses incurred by the participant(s) for the presentations. This technical presentation schedule will be communicated separately.

SBI Life reserves the right to visit the operational facilities of all or some participant(s) during the course of technical and commercial evaluation. The schedule for site visit, if required, will be intimated separately. Participant(s) might be requested by SBI Life to arrange a face to face meeting with referred customer(s) with whom similar projects have been undertaken as part of the evaluation process.

11. Opening of the Commercial Proposals

The commercial proposals of only those participants, who qualify and score the requisite rating as decided by SBI Life in the evaluation of technical proposals, shall be opened in the presence of their authorized signatories/representatives of the final shortlisted participant(s) who will be required to sign a register/document evidencing their presence. The schedule for opening of commercial proposals will be intimated separately to the shortlisted participant(s).

12. Evaluation

The basis of evaluation will be on techno-commercial criteria. Weightage of the technical commercial evaluation will be on 70:30 ratios. Participants should satisfy the basic eligibility criteria as mentioned in Section 6. Based on the bid submitted, technical evaluation would be done first to short list eligible participant(s). Only those Participant(s) who qualify in the technical evaluation will be considered for techno-commercial evaluation. The decision of SBI Life in this regard shall be final and binding.

13. Other Terms & Conditions

13.1. Modification and/or Withdrawal of Proposals

Proposals once submitted will be treated as final and no further correspondence for modification shall be entertained. No proposal shall be modified after the deadline for

submission of proposals. No proposal shall be allowed to be withdrawn after the last date of submission of the bid.

The documents and proposals submitted to SBI Life shall become the property of SBI Life and shall not be returned to the bidder[s].

13.2. Material Alterations & Ambiguous Information

The participant(s) should ensure that there are no cuttings, erasures or over-writing, illegible or undecipherable figures in the documents submitted. The proposals may be disqualified on this score alone. The decision of SBI Life is final and binding.

13.3. Confidentiality & Non-Disclosure

The participant(s) shall be under obligation and binding of the confidentiality-cum-non-disclosure undertaking to be submitted along with response to this RFP. The draft of the same is attached as **Annexure – IV**. The participant(s) have to execute Non-Disclosure Agreement on Rs.200/- Non-judicial stamp paper. The undertaking should be notarized and stamped.

13.4. Empanelment of Service Provider(s) and Exit

SBI Life reserves its right to empanel one or more than one participant(s) for one or more activity/activities proposed. Deployment of services in terms of location and scope will be the sole prerogative of SBI Life.

Upon empanelment, selected participant(s) shall be required to enter into Service Level Agreement (SLA). Such Service Level Agreement shall be initially for a period of three years and may be extended thereafter at mutually agreed terms and conditions. Such decision shall be at the sole discretion of SBI Life. **The service level agreement shall be on Principal to Principal basis.** (Refer clause 13.7 for details)

Empaneled participant(s) shall be required to put in place necessary security and all possible safeguards to maintain necessary confidentiality of data and/or information received in any form from SBI Life. The empaneled participant(s) shall be required to submit the details of all safeguards in place at its facility before commencement of the proposed activity. The provisions related to Indemnity and Confidentiality shall remain even after the expiry of the Agreement with the empaneled vendors.

The empaneled participant shall have to abide by SBI Life Information Security Policy for the activities that shall be carried out for SBI Life. This policy & procedures is almost aligned to requirements of ISO 27001 standards (ISMS). (Refer clause 13.8 for details)

The SLA between SBI Life & empaneled participant(s) will have these security controls & liabilities of the empaneled participant(s) for violation of SBI Life IT & IS policy, standards & procedures.

The detailed terms and conditions governing the contract shall be included in the service level agreement and shall undergo changes as per various Acts, Regulations, Guidelines, Circulars & Orders as applicable and issued by IRDAI and / or any Government/ Statutory Body and as per the outsourcing policy of SBI Life from time to time.

There shall be penalty on non-adherence to service deliverables such as fewer calling attempts than the required numbers, turnaround time, non-availability of services in absence of manpower or breakdown/ non-availability of systems or deployment of non-payroll staff on the services etc.

The performance of empaneled participant(s) shall be reviewed periodically, at least once in a year for continuation of contract. Any decision in this regard by SBI Life shall be final and binding on the empaneled participant(s).

13.5.Award of Contract

Any award to be made pursuant to this RFP will be, inter alia, based upon the proposal with appropriate consideration given to technical methodologies, quality of resources employed participant(s) deliverables, and factsheet of past projects of similar nature with similar clients, cost proposed and SBI Life's requirements.

The acceptance of a Bid will be communicated in writing at the address supplied by the participant(s) in the RFP response. Any change of address of the participant(s), should therefore be promptly notified in writing to SBI Life.

13.6.Signing of Contract

The selected participant(s) shall be required to enter into a contract with SBI Life, within thirty (30) days of the award of the tender (i.e. issuance of a Letter of Intent by SBI Life) or within such extended period, as may be specified by SBI Life. At the time of execution of the contract a Memorandum of Understanding (MOU) containing the terms and conditions necessary for the due performance of the work in accordance with the bids and acceptance thereof will be signed. The contract will be based on this RFP, modification arising out of negotiation/clarification etc., the participant(s) offer document with all its enclosures and will include the following documents:

- The participant(s) proposal in response – technical and commercial proposals separately
- Modification to the proposal, if any, after negotiation/clarification.

- Related Technical Specifications •Copies of the licenses, certifications etc.

Participant shall not sub-contract/ outsource whole/any/or part of the processes, to any third party. Due to certain unavoidable exigencies/difficulties, if the Service Provider intends to sub-contract part of the activity; it should be with the prior written consent of the SBI Life. However, the Service Provider shall be entirely responsible for the activities sub-contracted by them.

SBI Life reserves the right to stipulate, at the time of finalization, any other document(s) to be enclosed as part of the final contract.

13.7.Service Level Agreement (SLA)

This document, inter alia, describes the minimum acceptable level of service to be provided by the Participants. The SLA enlisted are indicative and an exhaustive list will be shared on award of the contract.

The services to be provided by the selected participant(s) shall be governed by a detailed SLA, which will be finalized at the time of execution of the contract. The selected participant(s) shall be required to enter into a contract with SBI Life, within thirty (30) days of the award of the tender (i.e. issuance of the LOI) or within such extended period, as may be specified by SBI Life. The SLA will include the following:

Change Request: SBI Life may, request for changes in the application software or any associated software used on behalf of SBI Life. Such changes must be carried out within a reasonable time. SBI Life solicits the SLA terms generally agreed by the participant(s) regarding Change Requests. Detailed metrics of commercial, measurement, definition of terms and goal should be provided as and when major change request is communicated by SBI Life.

Reporting and Exceptions: Participant(s) will perform a “root cause analysis” for any incident having a priority of “production stop” or “severe with no work around” which does not meet the goal established for any specified metric. The purpose of this analysis is to determine what corrective actions are to be taken to prevent reoccurrence of the failure and/or if the incident is removed from the metric.

Performance Parameters & Evaluation: Turn-around-time and quality parameters for processing the service request will be mutually agreed upon at the time of execution of the contract between SBI Life and the selected participant. Please find below some of the performance parameters to be followed:

1. Calling dispositions to be updated based upon actual calling remarks.
2. Availability and uptime of services
3. Retrieval of call recording
4. Availability of Reports & Dashboard

5. Percentage of connected calls.
6. Any other point mutually agreed.

Penalties for SLA Violation: Penalties will be imposed for violation of SLA terms and for failure on the part of the participant to adhere to the time lines agreed upon. Rate, quantum and measurement metrics will be decided at the time of execution of the contract between SBI Life and the selected participant. Also, deviation in any of the Performance Parameters mentioned above will attract penalty.

Penalty will be imposed for violation of data breach, PI information leakage, security breach, Mandatory Regulation breach & Brand & Reputation loss if any to SBI Life due to the activities by Participants & its employees.

13.8.IT & IS Guidelines

Participant(s) should adhere to Information Security & Information Technology guidelines as described in **Annexure VI & Annexure VII.**

13.9.Right of Verification

SBI Life reserves the right to verify any or all statements made by the participant(s) in the proposal documents and to inspect its facility or any other client site, if necessary, to establish about the participant(s) capabilities to undertake the required tasks. SBI Life reserves the right to inspect/audit any of the participant(s) offices, locations, software, hardware etc. through its employees or nominated agencies. The participant(s) would have to co-operate and provide access to these units, systems, software, etc. The participant(s) will need to furnish the contact details of their existing clients.

The SBI Life/IRDAI shall have the right to examine/access all books, records and information, systems, the internal control environment, internal audit reports or external audit findings (or sub-contractor as applicable), to the extent that relevant to the activities entrusted to The Service Provider under the SLA without any prior notice. The Cost of conducting an examination etc. shall be borne by The Service Receiver. The SBI Life/IRDAI shall have a right to carry out an audit at any frequency (including Information Security audit for network isolation and data security) and inspect the premises of the Service Provider to the extent if the process is required to be carried out by the Service Provider. The cost of conducting an audit, Travel, stay etc. shall be borne by the Service Receiver. The Service Provider shall provide The SBI Life such information and in such format as may be required by The SBI Life from time to time

13.10. Indemnity

The participant(s) shall indemnify SBI Life and keep indemnified against any loss or damage that SBI Life may sustain on account of any violation(s)/breach/infringement of

intellectual property, confidentiality, privacy, patents, trademarks, statutory/regulatory guidelines/instructions etc., by the participant(s).

The participant(s) shall, at its own cost and expenses, defend and indemnify SBI Life against all third-party claims including, but not limited to, those of the infringement of

Intellectual Property Rights, including patent, trademark, copyright, trade secret or industrial design rights, arising from use of the Products or any part thereof in India.

The participant(s) shall expeditiously meet any such claims and shall have full rights to defend itself there from. If SBI Life is required to pay compensation to a third party resulting from such infringement, the participant(s) shall be fully responsible therefore, including all expenses and court and legal fees.

The participant(s) shall also be liable to indemnify SBI Life, at its own cost and expenses, against all losses/damages, which SBI Life may suffer on account of violation by the participant(s) of any or all national/international trade laws, norms, standards, procedures, etc.

Further, the participant(s) shall indemnify SBI Life and keep indemnified against any loss or damage that SBI Life may sustain on account of any violation of patents, trademark etc., by the participant(s) in respect of hardware, hardware components, system software, etc. supplied.

13.11. Disputes Resolution

Any dispute or differences whatsoever arising between the parties out of or in relation to the construction, meaning, interpretation and operation or effect of these Proposal Documents or breach thereof shall be decided by SBI Life. Such decision by SBI Life shall be final and binding on the participant(s).

13.12. Amendments to this RFP

Amendments to the RFP may be issued by SBI Life during the RFP process as required. Amendments to RFP so made shall be deemed to form an integral part of the RFP.

13.13. Format and Signing the Proposals Submitted

The original and all copies of bid proposal submitted by the participant(s) shall be typed or printed in a clear typeface. An accompanying letter is required **Annexure - V**, signed by an authorized signatory of the participant(s), committing the participant(s) to the contents of the original response. All pages in the bid should be authenticated by a duly authorized signatory of the participant(s) under seal.

13.14. Participant(s) indication of Authorization to Bid

Responses submitted by participant(s) to this RFP represent a firm offer to contract on the terms and conditions described in the participant(s) response. The proposal must be signed by an official authorized to commit the participant(s) to the terms and conditions of the proposal. The signatory should have the authority to sign the documents.

13.15. Language of the Proposals

All bids and supporting documentation shall be submitted in English.

13.16. Completeness of the Proposals

The participant's proposal is subject to an evaluation process. Therefore, it is important that the participant(s) carefully prepares the proposal and answers questionnaire completely. The quality of the participant(s) proposal will be viewed as an indicator of the participant(s) capability to provide the solution and participant(s) interest in the project. The participant(s) is required to respond to the RFP only in the prescribed format. Under no circumstances, should the format be changed, altered and modified. All pages including all supporting documents in the bid should be authenticated by a duly authorized signatory of the Participant(s) under seal.

13.17. Acceptance or Rejection of the Proposals

SBI Life reserves the right not to accept any bid, or to accept or reject a particular bid at its sole discretion without assigning any reason whatsoever and the decision of SBI Life will be treated as final. The RFP responses/bids/proposals not submitted in the prescribed format or incomplete in any sense are likely to be rejected.

13.18. RFP Ownership

The RFP and all supporting documentation/templates/annexure are the sole property of SBI Life and violation of this will be a breach of trust and SBI Life would be free to initiate any action deemed appropriate.

13.19. Participant(s) Status

Each Participant must indicate whether or not they have any actual or potential conflict of interest related to contracting services with SBI Life.

13.20. Cost of the Proposal

All costs relating to preparation, submission of its proposal, attending the clarification sessions and bid opening as well as arranging for the Technical Presentation to SBI Life will be borne by the participant and SBI Life will not be responsible or liable, in any way, for any such costs, regardless of the conduct or outcome of the process.

13.21. Confidentiality

This document contains information confidential and proprietary to SBI Life. Additionally, the participant(s) will be exposed by virtue of the contracted activities to internal business information of SBI Life, the Associates, Subsidiaries and/or business partners. Disclosure of receipt of this RFP or any part of the aforementioned information to parties not directly involved in providing the services requested could be treated as breach of trust and breach of confidentiality and SBI Life would be free to initiate any action deemed appropriate. No news release, public announcement, or any other reference to this RFP shall be made without written consent from SBI Life. Reproduction of this RFP, without prior written consent of SBI Life, by photographic, electronic, or other means is strictly prohibited.

13.22. Intellectual Property Rights

SBI Life will own all intellectual property rights to all design, software and/or systems created specifically for implementation at SBI Life under this contract. The participant(s) shall fully protect and indemnify SBI Life from all legal actions, claims, or damages from third parties arising out of use of software, designs or processes supplied by the participant(s).

13.23. Solicitation of Employees

Participant(s) will not hire employees of SBI Life or solicit or accept solicitation (either directly, indirectly, or through a third party) from employees of SBI Life directly involved in this contract during the period of the contract and one year thereafter, except as the parties may agree on a case-by-case basis.

13.24. Jurisdiction

All disputes or differences whatsoever arising between the parties out of or in relation to the construction, meaning and operation or effect of these Proposal Documents or breach thereof shall be settled amicably. If, however, the parties are not able to resolve them amicably, the same shall be settled by arbitration in accordance with the applicable Indian Laws, and the award made in pursuance thereof shall be binding on the parties. Any proceedings will be subject to the exclusive jurisdiction of courts at Mumbai, India.

13.25. Arbitration

All disputes and differences of any kind, whatsoever shall be referred by either party (SBI Life or the participant(s), after issuance of 30 days' notice in writing to the other, clearly mentioning the nature of the dispute/ differences, to a single arbitrator, acceptable to both the parties, for initiation of arbitration proceedings and settlement of the dispute(s) and difference/ strictly under the terms and conditions of this contract, executed between SBI Life and the participant(s). The arbitration shall be governed by the provisions of the applicable Indian Laws. The award shall be final and binding on both the parties. The venue for arbitration shall be at Mumbai, India.

13.26. Force Majeure

The participant(s) shall not be responsible for delay in delivery resulting from acts/events beyond his control provided notice for happening of such act/event is given by the participant(s) to SBI Life within 15 days from the date of occurrence. Such act/event shall include acts of God, war, floods, earthquakes, epidemics, riots, fire or governmental regulations superimposed after the date of order/contract.

13.27. Condition of Acceptance

The selected participant(s) and SBI Life will specify during contracting, the criterion for acceptance and milestones (both technical and functional). Failure, to meet the acceptance criterion may result in termination of the arrangement and/or contract. No payments will be made and SBI Life may claim damages from the participant(s). In such an eventuality, SBI Life will be free to engage any other participant(s).

Annexure - VI – Mandatory ‘Information Security Requirements’ Criteria

Overview:

The services, processes and solutions designed and deployed for SBI Life shall follow a standard configuration/customization process and shall meet the functional, security, performance, legal, regulatory and statutory requirements of SBI Life. The participant(s) shall comply with SBI Life Policy on Information Security Requirements for CSP (Cloud Service Provider)/ SI (System Integrator)/ Participant(s)/ service provider (terms used interchangeably) in key concern areas as under:

- Responsibilities for data and application privacy and confidentiality
- Responsibilities on system and software access control and administration
- Custodial responsibilities for data, software, hardware and other assets of SBI Life being managed by or assigned to the Participant
- Physical Security of the facilities
- Incident response and reporting procedures
- Password Policy of SBI Life
- Data Encryption/Protection requirement of SBI Life
- Server hardening, security policies and Secure Configuration Documents
- Sharing of Background Verification of its personnel, working on SBI Life project

The CSP/ SI/ Participant(s) having access to IT infrastructure of SBI Life shall be managed as per Third-Party Access Standard & Procedure of SBI Life. If required, SBI Life Policy on Information security requirement for third-party document will be shared with the successful CSP/ SI/ Participant(s). SBI Life shall reserve the right to carry out Gray Box, White Box and Black Box Testing, VA/PT and Security Assessment of the application and underlying infrastructure components through their empaneled information security service providers. In case of any observations or vulnerabilities reported during these testing, the successful CSP/ SI/ Participant(s) shall close the observation and mitigate the risk within agreed timelines, before production go live without any additional commercial levied to SBI Life. The contracts relating to outsourced services with the selected CSP/ SI/ Participant(s) shall detail security requirements in compliance with SBI Life Security Policies and supporting Standards & Procedures and the selected CSP/ SI/ Participant(s) shall demonstrate compliance with such requirements.

Detailed:

1. The CSP/ SI/ Participant(s) shall adhere to, Information Technology Act 2000, its amendments and rules published by Government of India and applicable sections of IRDAI Information & Cyber Security Guidelines, its amendments & future amendments and Data privacy governance/advisory/laws issued by government of India from time to time. The

-
- CSP/ SI/ Participant(s) shall ensure that they have information security capability in place to implement the provisions of SBI Life's information security requirements and protection of intellectual property.
2. Information security requirements such as controls for maintaining confidentiality, integrity and availability of the SBI Life's data shall be considered at all stages throughout third Participant(s) having access/handling the organizational system/data.
 3. All arrangements with external party/vendors / selected Participant(s) shall have a well-defined service level agreement (SLA) that shall specify information & cyber security requirements and controls, service levels and liability of supplier / selected Participant(s) in case of SLA violations, non-mitigation of information security (IS) vulnerabilities, IS incidents etc.
 4. The CSP/ SI/ Participant(s) shall provide right to SBI Life or its empaneled vendors to audit / conduct security review of the center/processing facility where the services will be carried out from while designing the required deliverable/output.
 5. The CSP/ SI/ Participant(s) shall be subject to a relationship assessment (sometimes referred to as due diligence review) which shall cover:
 - i. Dealing with the said party (e.g. details of provider history, previous and current business arrangement and dispute information)
 - ii. Demonstrable level of maturity in relation to information security and their degree of commitment to information security. This is via a self-assessment checklist covering controls related to information & cyber security
 6. Prior to finalization of order, the CSP/ SI/ Participant(s) shall allow SBI Life Security Team or its empaneled vendors to inspect and check the designated framework/services proposed for SBI Life and undertakes necessary corrective actions as may be suggested by SBI Life prior to or during the implementation.
 7. The CSP/ SI/ Participant(s) shall have a process to sign Confidentiality agreement with its employees for SBI Life related services. The CSP/ SI/ Participant(s) shall provide a letter of undertaking to SBI Life as adherence to secure usage and handling of information by its employees.
 8. The CSP/ SI/ Participant(s) shall have process of background check on its employees prior to their induction into SBI Life project. Level of background checks should meet the sensitivity of information associated with the project.
 9. The contract requirements with service provider's CSP/ SI/ Participant(s), if any shall include non-disclosure agreements, roles and responsibilities, and termination clauses and right to
-

inspect/audit by Organization, Law enforcement agencies and regulating agencies including IRDAI.

10. The data shall be shared with the ONLY on “Need to know” basis, if any.
11. The CSP/ SI/ Participant(s) shall comply with data retention and purging requirements of SBI Life, in case any data (SBI Life production data for testing) is shared with CSP/ SI/ Participant(s). Compliance certificate for data retention and purging shall be sent to SBI Life as per stipulated time agreed with SBI Life
12. CSP/SI/Participant(s) shall implement and enforce data privacy through appropriate policies and procedures. The policy and procedure shall cover appropriate training to personnel, controls to be in place to ensure privacy of data, define roles and responsibilities with respect to data privacy, and disciplinary action for contravention.
13. CSP/SI/Participant(s) shall establish policies & procedures, and implement mechanisms for encrypting sensitive data in storage (e.g., file servers, databases, and end-user workstations), data in transmission (e.g., system interfaces, over public networks, and electronic messaging) and secure disposal & complete removal of data from all storage media, ensuring data is not recoverable by any computer forensic means.
14. In case of renewal, the security considerations in line with the Prior to engagement scenario shall be considered.
15. The CSP/ SI/ Participant(s) shall follow OWASP secure coding practices and other industry best practices, in case of any development of application functionality.
16. SBI Life's Internal Audit shall conduct audit for CSP/ SI/ Participant(s) (s) handling critical data/providing critical services to measure the effectiveness of the security controls implemented.
17. Network and infrastructure service level agreements (in-house or outsourced) shall clearly document security controls, capacity and service levels, and business or customer's requirements
18. The CSP/ SI/ Participant(s) shall be ISO Certified for the designated line of business e.g. ISO 27001, ISO 27017 ISO 22301, CSA Star, SOC2 preferably etc. If the CSP/ SI/ Participant(s) is not certified, then they shall adhere to the requirement of these aforesaid standards.
19. The information security responsibilities of all employees working for SBI Life shall be defined by CSP/ SI/ Participant(s). CSP/ SI/ Participant(s) shall ensure that all information

security requirements in the Agreement are communicated, including in writing, to all its employees in relation to their role.

20. Independent security assessments (Gray Box, White Box and VAPT) shall be performed for the application(s) and related infrastructure components collectively referred to as Information Processing Facility, supplied to/used by SBI Life by the selected Participant(s) at its own cost through a Cert-In, empaneled Information Security service provider by the CSP/ SI/ Participant(s) at planned intervals, at least on annual basis.
21. CSP/ SI/ Participant(s) shall submit periodic (annually) integrity & compliance statements of application(s) and related IT infrastructure components used for SBI Life Project, providing for reasonable level of assurance that the setup is free of malware & viruses, free of any obvious bugs, free of any covert channels in the code, security breaches that can lead to core system failure such as a DDOS attack and is free of any known vulnerabilities and free of mis- configuration.
22. The CSP/ SI/ Participant(s) shall ensure that appropriate technology measures are in place to protect the storage and exchange of information. These measures may include the following, but not limited to:
 - i. The CSP/ SI/ Participant(s) shall maintain integrity of the software in use, including patch upgrades, operating systems and applications.
 - ii. Mail attachments shall be encrypted before sending as the traffic could be sniffed in transit, leading to unauthorized disclosure and modification of information.
 - iii. The connectivity between the CSP/ SI/ Participant(s) and SBI Life shall be encrypted and data transfer shall be via Secure FTP. CSP/ SI/ Participant(s) shall agree to all the guidelines mentioned in SBI Life's policy on Information security requirement for third-party document and should be signed by authorized signatory of CSP/ SI/ Participant(s).
 - iv. The CSP/ SI/ Participant(s) shall have secure connectivity to the SBI Life's central data center in active fail-over mode and to disaster recovery center.
23. CSP/ SI/ Participant(s) should have defined Business Continuity Management and Disaster Recovery (BCM-DR) procedures in place for effective handling of critical business processes in situations of any incident disrupting the business including:
 - i. Backup and record protection, including equipment, program and data files, and maintenance of disaster recovery and contingency plans.
 - ii. CSP/ SI/ Participant(s) should have proper updating of the procedures in regular intervals to ensure effective and smooth functioning of such procedures.
 - iii. Business recovery time frames (RTO and RPO) supported by setup should meet SBI Life's business requirements.
24. The CSP/ SI/ Participant(s) shall comply with all legal, regulatory and statutory requirements.

25. In case of any changes to the application and related ICT infrastructure components, irrespective of the magnitude of the change, mandatory security testing including gray box, black box & white box / secure code review shall be conducted by the CSP / SI / Selected Participant(s) through a CERT-In empaneled information security service provider (ISSP). The Production move / change management shall be done after ensuring that the application is free of vulnerability.
26. As a part of pre-engagement due diligence and also as part of a yearly activity, the selected Service Provider needs to undergo 'Third party security control checklist' of the Service Provider and the same should be validated by a CERT-In empaneled information security Service Provider for each time and the report of same needs to be submitted to Service Receiver without any additional commercials. The Service Receiver shall reserve the right to verify this validation report and ask for additional evidences, if any, or visit the site to verify the controls.
27. Implementation of entire set of information & cyber security, Cloud Security Controls etc. defined in this section of "Mandatory Information and Cyber Security Requirements, provided in Section 6.1 of RFP as well as in Annexure VI A, B, C, D, E" shall be validated by an CERT-In empaneled information security service provider (ISSP) and the report shall be submitted to SBI Life initially during onboarding (as a part of pre-engagement due diligence), subsequently at least annually (as a part of during engagement due diligence) and in case of any change in services being provided by the CSP/ SI/ Selected Participant(s) as well as in-line with the regulatory requirements. SBI Life shall reserve the right to verify this validation report from time to time and request the CSP /SI/Selected Participant(s) for additional evidence, if any, or visit the site to verify the controls. The CSP / SI / Selected Participant(s) shall comply with this request. The CERT-In empaneled ISSP shall be engaged by the selected Participant(s) at their own cost. SBI Life will be providing the list of two or three CERT-IN empaneled ISSPs with whom the CSP / SI / Selected Participant(s) shall engage in performing these Information Security assessments / Validations.
25. The CSP/ SI/ Selected Participant(s) shall establish policies & procedures, and implement mechanisms for securing sensitive data in storage (e.g., file servers, databases, end-user workstations etc.), data in transmission (e.g., system interfaces, over public networks, electronic messaging etc.) and secure disposal & complete removal of data from all storage media, ensuring data is not recoverable by any computer forensic means.
26. The CSP/ SI/ Selected Participant(s) shall ensure that appropriate technology measures are in place to protect the storage and exchange of information. The CSP/ SI/ Selected Participant(s) shall implement data privacy for all the SBI Life data while at rest as well as during transit.
27. In case, if the CSP/ SI/ Selected Participant(s) adopts multi-tenancy and data commingling architectures, SBI Life requires CSP/ SI/ Selected Participant(s) to isolate its information from other customer's information, at the least, through logical separation at schema level for SBI Life related information database.

28. In case the data is stored on cloud, the same shall be hosted on servers located only within India and ensure compliance with applicable Indian regulatory circulars, guidelines issued by IRDAI and other law enforcement agencies.

29. Operating systems, Web servers, Database etc. used for processing SBI Life employee information shall be hardened in line with CIS (Center for Internet Security) Benchmarks and configuration review of these systems shall be performed at least yearly.

30. The CSP/ SI/ Selected Participant(s) shall follow security baselines guidelines for API integration before such integrations for the solution provided.

31. SBI Life may implement Data/Information Rights Management solution for protection of its data shared with the CSP/ SI/ Selected Participant(s). The CSP/ SI/ Selected Participant(s) shall provide all required assistance for implementation and maintenance of such solution.

In addition to the above details, the CSP / SI / Participant(s) must sign Declaration / Compliance Statement along with response of these **4 Mandatory** Parts as below:

Annexure VI-A– Mandatory Information and Cyber Security Requirement for CSP / SI /Selected Bidder

Annexure VI-B- Mandatory Legal Requirement for CSP / SI /Selected Bidder

Annexure VI-C & D

Mandatory Cloud Security & Compliance Control – SaaS

Annexure VI-E- Compliance Statement

Annexure VI-F-Third Party Security Control Checklist.

The CSP / SI / Bidders are required to submit their response to Annexure VI and Annexure VI -A, B, C, D, E, F in their letter head and signature of the authorized signatory along with bidder's company seal.

The above annexures will be shared with the interested bidder post signing the NDA on stamp paper.

ANNEXURE VII – TECHNICAL REQUIREMENTS

Sr. No	Requirement Description
1	All components proposed in the solution should be able to meet the entire requirement of SBI Life during the period of the contract and platform / component versions and capacity should not be a limiting factor. Participants will upgrade, change add capacity (whatever is required) without additional cost to meet the requirements
2	Participant to submit a detailed document on the technology architecture proposed for SBI Life Outbound Contact Centre using voice BOT. The technology architecture submitted by the participants, will go through an approval process by SBI Life and may be subject to changes which will need to be incorporated by the selected participant.
3	The proposed system should able to provide an interface to SBI Life's CRM-Next, PIWC application, Policy Management System, Mandate Management System, etc. These integrations will be any of the following: direct, API (REST, XML - RPC, JSON, SOAP, etc.), Web Services ESB JBI SOA environment etc.
4	All components proposed in the solution should be of the latest version that is available in the market at the time of going live
5	All components and systems should have effective anti-virus detecting capabilities with regular updation.
6	The proposed architecture should be compliant to all statutory laws of the geography it is operating in and operating for, including all necessary licenses to operate Participants for SBI Life domestic outbound process
7	The proposed architecture should support centralized monitoring, administration and voice treatment at edges/locations
8	The system should support wide range of codec standard to suit the voice quality and bandwidth requirement in Contact Centre environment.
9	Participants should notify SBI Life on all proprietary components, freeware's, sharewares, open source tools, platforms, applications or any other elements that are being proposed as part of this solution. Provide a separate annexure with these details.
10	The selected participant must provide an undertaking that the responsibility and liability towards any legal issues or Non-compliances with respect to licensing or usage policies of the 3rd party components (Open source, freeware's, sharewares) used in the proposed solution vests only with the participant and SBI Life is absolved from any liability arising out of it.
11	Participants must provide the source code review report for the latest version of the proposed solution from a CERT-IN empaneled auditor
12	The selected participant must provide an undertaking that the source code review by a CERT-IN empaneled auditor will be conducted at the release of every new version of the proposed solution and the reports will be shared with SBI Life on demand. Also fixes / recommendations from the source code review report will be implemented at participant's own cost within the stipulated timelines set by SBI Life.

Request for Proposal (RFP) Outsourcing of Voice BOT Calling Services

13	All components should be upgraded without loss of feature functionality as defined in the RFP during the period of contract
14	The WAN link between Participants locations for overflow or DR or any other reasons should be provisioned, maintained and owned by the Participants. Participants to ensure that two links are provided by the Participants one as the primary and the other as secondary. Participants should ensure that both these links are provided by different service providers.
15	All equipment at the Participants center for connectivity to SBI Life data center, like the WAN routers should be provided by the Participants.
16	The system should be able to maintain good voice qualities end-to-end
17	Ability to integrate with Email Exchange and SMS gateway to send notifications like new service request or status of existing service request
18	The Participant should ensure that all voice calls and data transmitted via WAN are encrypted to ensure no calls will be eavesdropped.
19	Access to all key components/applications from SBI Life and Participants should be traceable through log generation (E.g. User name, IP address, logged in from, time, etc.)
20	Proposed solution should support 100% voice recording as per govt. regulations and the Participant should get a guarantee for the same from the technology vendor
21	Participants should provide the monthly recordings across all call centers in a single storage Tape device and it should not be based on call center location
22	Voice recording solution should provide a feature to convert the recorded files into simple standard based format that can be listened on a multimedia PC without any proprietary tool.
23	Connectivity: Ability to provide dedicated line (MPLS/ Leased line) by the Participants if required by SBI Life
24	Participant should commit to co-ordinate for time bound implementation & successful commissioning of telephony gateway (SBI Life's) at Participant's DC & DR
25	To provide/enable access as required to technical support/audit teams authorized by SBI Life for SBI Life related IT assets in Participant's premises.
26	Participant(s) should have DR & BCP plan in place
27	Ensuring space, power etc. in their DC / DR for SBI Life process related equipment (network, telephony)
28	Participant(s) must comply with SBI Life IS & IT Policy requirements
29	File transfer will be through secure ftp & call recording for the previous day will be transferred to SBI Life daily. Control reports to be provide to confirm effective monitoring of daily files transferred
30	Naming convention and conversion of call recordings will be made available as per requirement of SBI Life
31	Single point technical contact for SBI Life IT team to complete deliverables in a time bound manner
32	Restrict unauthorized access to SBI Life IT assets and provide adequate advance notice to SBI Life in case any change at Participant's DC that impacts SBI Life

Request for Proposal (RFP) Outsourcing of Voice BOT Calling Services

33	Participant should confirm having "ready to serve" (installed MUX/ fiber inside meet me room with sufficient port) connectivity Infrastructure with minimum 2 MPLS /P2P telecom providers having capacity of 4 MB link from two different MPLS providers. (Details of existing arrangement to be submitted).
34	Participant should confirm capability monitoring for maintaining performance and capacity
35	Participant should confirm having professional NOC for problem management and ticketing system to meet system up-time requirements
36	The calling dispositions recorded in Participant's system should be real time update to SBI Life through secure web services
37	Any upgrade on technology as required for the continuity of applications over time need to be considered as a part of the overall technical deployments for the process
38	Solution support 100% automatic failover & fault tolerance at each component level
39	Solution should support redundancy for failures in Power, System Hardware, System Software & Applications
40	Participant should explain the proposed architecture in-terms of connectivity between components during failure, impact to inbound, outbound call process flow during failure for all scenarios
41	The system should support a call routing approach where by adding new Contact center locations to the system should not require changes to be made to all locations configuration
42	All interfaces to SBI Life back-ends will be allowed only through SBI Life Firewalls, Participants to ensure that this is complied
43	A list of Firewalls should be documented and kept both with SBI Life and Participants with full technical and functional details.
44	Participants to ensure that all critical components in the proposed solution should be 100% redundant (Telephony, Payment Gateway, etc.)
45	If there is a disaster scenario in any one of the Contact Centre location, Participants to ensure that other Contact Centre locations should be able to handle the load of the Contact Centre that is down
46	All the Contact Centers and critical components should be in active-active mode at all times
47	Redundancy of the database/application server including fully automated switchover without any manual intervention
48	The proposed system should support a high availability clustering architecture and redundant call processing approach, where two or more systems will be present and sharing the workload in an active-active configuration and support the availability SLA's written elsewhere in the RFP
49	Apart from the DR drills and tests mandated by govt. regulations and SBI Life, Participants should conduct their own DR testing and failover once every six months.
50	Controls should be available to view the number of uncalled / pending contact numbers in each active campaign.
51	The system should detect network busy and dispose separately.
52	The system should configure number of rings to wait before declaring the call as 'no answer'.

Request for Proposal (RFP) Outsourcing of Voice BOT Calling Services

53	The Solution should set call-back and call-back time. In the call-back window, the time should appear in drop down from where the agent should select. Specify the time gap with which the drop down displays the time.
54	Should support Scheduling of the daily extract from the system
55	Restricting the dialer not to call non-reachable customer after the specified total attempts as per the business process.
56	Ability to configure the BOTs recall attempts after the specified total attempts as per the business process.
57	Purging data from calling list or call table as per SBI Life policy.
58	Best Time to Call should be supported
59	Should have the ability to upload the input files from SBI Life premises. Web based approach would be desirable.
60	Should have the ability to create/change/delete calling list or jobs in real time during the shift hours of the operations.
61	Role based access - The system should have multi-level administration which permits granting only the required privileges for a selected group of users and limits the configuration functions that users in a particular group can perform.
62	System should provide Call Detail Record which can be accessed through industry standard protocols, i.e. FTP, SFTP and SOAP AXL, XML etc.
63	All URL links used and in interfacing or integrating to backend systems should be secured and encrypted in all other applications
64	The system should support a call routing approach where by adding new locations to the system should not require changes to be made to all locations configuration
65	System should be able to suppress or block “do not contact” telephone numbers. The system should be able to allow the telephone numbers be updated / removed / modified at any time during the in bulk upload or one by one
66	System should be able to maintain and concurrently call from multiple lists.
67	System should be able to “Turn off” records from a particular queue (time zone, geographic region, area code, etc.), so that they won’t be called again.
68	Every aspect of each customer interaction must be logged and time stamped for each event/activity from arrival to completion. Provide a sample of this report in a separate annexure.
69	Telephony Control (Answer, Hold, Transfer, Make Call, Release)
70	Audio Quality Reports
71	Vendor supervisor or administrator should be able to create multiple campaigns, upload data, execute campaign and generate reports without any change in the source code. The system should have appropriate web-based GUI to perform these activities
72	System should be able to set the maximum number of attempts to reach a contact in each campaign created. Supervisor should be able to change the maximum number of attempts during a ongoing campaign without required to start / stop the campaign.

Request for Proposal (RFP) Outsourcing of Voice BOT Calling Services

73	System should be able to add new customers in bulk upload or one by one to the call list of an ongoing campaign. System should be able to remove customers in bulk upload or one by one from the call list of an ongoing campaign
74	Supervisors should be able to perform real time monitoring and adjustments for outbound campaigns such as controlling the pacing of the call as “User Specified” or “System Specified”
75	Supervisors should be able to view the number of uncalled / pending contact numbers in each active campaign.
76	Participants to ensure that all necessary backup, restore process is done regularly, details and backup process for each element to be explained in a separate annexure including the frequency of these back up process
77	The solution should support 100% voice recording.
78	The proposed should be able to record all interactions by customer, even if the call is transferred to CC agents. The voice logging system should be able to tag a unique call id through which all voice recording for the same call can be tracked.
79	The proposed solution should have storing capacity of voice recording based on the volume for 3 months for live access by SBI Life, after which these recordings will have to be sent to SBI Life in a Tape; and then purged.
80	The proposed solution should be able to archive voice recording data in a suitable media like Tape/DAT etc., after 90 days or as desired by SBI Life.
81	The proposed solution should be able to restore archived voice recording from the Tape
82	Participant will have to ensure that the bandwidth of the links should be appropriately considered for acceptable level of application performance
83	Participant(s) will have to deploy their own Link Terminating (e.g. Router) equipment at their end and the equipment must be capable to encrypt / decrypt the data in transit across the WAN (Leased Line / MPLS) link. The Data Encryption configuration parameters will be shared by SBI Life to selected participant and participant has to adhere to SBI Life’s configuration parameter.

Request for Proposal (RFP)
Outsourcing of Voice BOT Calling Services

Compliance Statement

DECLARATION BY THE PARTICIPANT

Terms & Conditions

We hereby undertake and agree to abide by all the terms and conditions stipulated by SBI Life in the RFP document under Mandatory Information Security Criteria. We hereby also agree to comply with all the requirements of SBI Life, Deliverables, related addendums, appendices and other documents including any changes, if any, made to original tender documents issued by SBI Life.

The cost of service, process, resources, training, documents, rate contract, tools etc. finally arrived and accepted by SBI Life will be binding on us for the period of the contract.

We accept that, we will not levy any other charges on SBI Life, in any form to meet our obligations as per scope of this RFP including all deliverable, requirements, terms & conditions etc.

We declare that we have the necessary and requisite statutory approvals, licenses etc., for providing the services described under this RFP.

We further declare that there are no legal or statutory hurdles of whatsoever nature that prevent us from providing the services as required under this RFP and we are fully competent and eligible to bid for this RFP.

We certify that the services offered by us in response to the bid conform to the security, technical and functional specifications stipulated in the RFP.

Signature & Designation

Seal of Company
