Please find below a summary of the terms and conditions of your policy:

1 Interest Rate: The following interest rate will be credited to your Individual Policy Account (IPA) till the date of maturity or till the date of death of the life assured or till the date of surrender, whichever is earlier.

A Minimum Floor Rate (MFR) of 1% p.a. on the balance in your IPA shall be credited on a prorata basis at the beginning of each quarter of the relevant financial year to your IPA throughout the policy term. An Additional Interest rate (AIR) of 4% p.a. on the balance in your IPA shall be credited on a prorata basis at the beginning of each quarter of the relevant financial year during the first five years. For the remaining term of the policy, the Additional Interest Rate shall be 0.5% p.a. only on the balance of your IPA and the interest calculated at the rate of 0.5% per annum shall be credited on a prorata basis at the beginning of each quarter of the relevant financial year for the remaining years. The MFR and AIR will apply on your IPA value as at the beginning of each quarter of the relevant financial year and the interest amount will form a part of your IPA thereafter. The Premiums minus the applicable charges minus the service tax and cess if any, shall only be credited to the existing IPA after actual receipt of premiums. For the premiums received at any time during the quarter, MFR and AIR will apply on the premium net of all charges and service tax and cess, from the date of receipt of premium till the end of the relevant quarter of the financial year.

Non-zero positive Residual addition (RA), if any, in addition to MFR and AIR, shall be credited from the end of the 5th policy year and onwards as per the applicable IRDAI Regulations/ guidelines.

3 Maturity Benefit: On maturity of your policy, provided the policy is in force, higher of the following will be paid: i) Total premiums paid, including top-up premiums paid, compounded at 1% p.a. till date of maturity less partial withdrawals made, if any or ii) Balance in your IPA.

The part of the MFR and AIR credited in advance for the remaining part of the quarter of the relevant financial year on the amount being withdrawn will be deducted proportionately from your IPA.

- 6 Discontinuance of Premium:** "Discontinuance" means the state of a policy on account of surrender of policy or non-payment of renewal premiums due before the expiry of grace period. However, the policy will not be treated as discontinued on non-payment of renewal premium if, any insured event under the policy happens during the grace period following the due date of first unpaid premium. 7.1.2 The surrender value will be the balance in your IPA and would be payable as at the end of lock in period or at the end of revival period, whichever is later. However, the surrender value will be necessarily paid at the end of 5th policy year, provided the policy is not revived.

7.2 If the surrender is requested any time after first 5 policy years, then:

7.2.1 The balance in your IPA as on such date will be paid immediately.

8 Charges:

8.1 Premium allocation charge for the first policy year will be 20% of your first year's regular premium. No Premium allocation charge will be applicable from second policy year onwards and on top-up premiums.

8.2 Mortality charges for the Sum at Risk will be deducted at the beginning of each policy month from IPA and on the day of payment of Top-up premium (for the increased Sum Assured).

8.2.1 Monthly mortality charges = Sum at risk (SAR) x (Annual Mortality charge per unit SAR / 12), where unit sum at risk is Rs.1000/-

8.2.2 The Sum at Risk for the first month is the Death Benefit less the applicable allocation charge and taxes.

8.2.3 The Sum at Risk from second month onwards for in-force policies is the Death Benefit less balance in your IPA.

8.2.4 The Sum at risk for paid-up policies is the Paid-up sum assured less balance in your IPA.

23 Section 41 of the Insurance Act 1938, as amended from time to time

23.1 No person shall allow or offer to allow, either directly or indirectly, as an inducement to any person to take out or renew or continue an insurance in respect of any kind of risk relating to lives or property in India, any rebate of the whole or part of the commission payable or any rebate of the premium shown on the policy, nor shall any person taking out or renewing or continuing a policy accept any rebate, except such rebate as may be allowed in accordance with the published prospectus or tables of the insurer.

Provided that acceptance by an insurance agent of commission in connection with a policy of life insurance taken out by himself on his own life shall not be deemed to be acceptance of a rebate of premium within the meaning of this sub-section if at the time of such acceptance the insurance agent satisfies the prescribed conditions establishing that he is a bona fide insurance agent employed by the insurer.

23.2 Any person making default in complying with the provisions of this section shall be liable for a penalty which may extend to ten lakh rupees.

24 Section 45 of the Insurance Act 1938, as amended from time to time

24.1 No policy of life insurance shall be called in question on any ground whatsoever after the expiry of three years from the date of the policy, i.e., from the date of issuance of the policy or the date of commencement of risk or the date of revival of the policy or the date of the rider to the policy, whichever is later.

24.2 A policy of life insurance may be called in question at any time within three years from the date of issuance of the policy or the date of commencement of risk or the date of revival of the policy or the date of the rider to the policy, whichever is later, on the ground of fraud: Provided that the insurer shall have to communicate in writing to the insured or the legal representatives or nominees or assignees of the insured the grounds and materials on which such decision is based.

Explanation I.- For the purposes of this sub-section, the expression "fraud" means any of the following acts committed by the insured or by his agent, with the intent to deceive the insurer or to induce the insurer to issue a life insurance policy:

24.2.1 the suggestion, as a fact of that which is not true and which the insured does not believe to be true;

24.2.2 the active concealment of a fact by the insured having knowledge or belief of the fact;

24.2.3 any other act fitted to deceive; and

24.2.4 any other act or omission which law specifically declares to be fraudulent.

Explanation II.- Mere silence as to facts likely to affect the assessment of the risk by the insurer is not fraud, unless the circumstances of the case are such that regard being had to them, it is the duty of the insured or his agent, keeping silence to speak, or unless his silence is, in itself, equivalent to speak.

24.3 Notwithstanding anything contained in sub-section (2), no insurer shall repudiate a life insurance policy on the ground of fraud if the insured can prove that the mis-statement of or suppression of a material fact was true to the best of his knowledge and belief or that there was no deliberate intention to suppress the fact or that such mis-statement of or suppression of a material fact are within the knowledge of the insurer:

Provided that in case of fraud, the onus of disproving lies upon the beneficiaries, in case the policyholder is not alive.

Explanation- A person who solicits and negotiates a contract of insurance shall be deemed for the purpose of the formation of the contract, to be the agent of the insurer.

24.4 A policy of life insurance may be called in question at any time within three years from the date of issuance of the policy or the date of commencement of risk or the date of revival of the policy or the date of the rider to the policy, whichever is later, on the ground that any statement of or suppression of a fact material to the expectancy of the life of the insured was incorrectly made in the proposal or other document on the basis of which the policy was issued or revived or rider issued:

Provided that the insurer shall have to communicate in writing to the insured or the legal representatives or nominees or assignees of the insured the grounds and materials on which such decision to repudiate the policy of life insurance is based:

Provided further that in case of repudiation of the policy on the ground of misstatement or suppression of a material fact, and not on the ground of fraud, the premiums collected on the policy till the date of repudiation shall be paid to the insured or the legal representatives or nominees or assignees of the insured within a period of ninety days from the date of such repudiation.

Explanation.-For the purposes of this sub-section, the mis-statement of or suppression of fact shall not be considered material unless it has a direct bearing on the risk undertaken by the insurer, the onus is on the insurer to show that had the insurer been aware of the said fact no life insurance policy would have been issued to the insured.

24.5 Nothing in this section shall prevent the insurer from calling for proof of age at any time if he is entitled to do so, and no policy shall be deemed to be called in question merely because the terms of the policy are adjusted on subsequent proof that the age of the life insured was incorrectly stated in the proposal.
