OTHER BENEFITS AND POLICY PROVISIONS

SURRENDER VALUE / PAID-UP VALUE

The policy will acquire a paid-up and/or surrender value only if premiums for at least 3 full years have been paid.

The Sum Assured payable on death or maturity of a paid up policy, will be reduced. This reduced Sum Assured will be called the Paid-up Sum Assured. Paid-up Sum Assured on first or second death will be calculated by multiplying Sum Assured on death under the policy by the ratio of number of premium paid to the number of premiums actually payable under the policy. Similarly, Paid-up Sum Assured on Maturity will be calculated by multiplying basic Sum Assured under the policy by the ratio of number of premium paid to the number of premiums actually payable under the policy.

The Paid-up Sum Assured on death or maturity, as the case may be, along with any vested simple reversionary bonuses and terminal bonus, if any, will be called the Paid-up Value on death or maturity, as the case may be, of a policy. A paid-up policy will not participate in any subsequent distribution of profits.

The policyholder may terminate the policy during the policy term by surrendering the policy for a surrender value.

The Guaranteed Surrender Value (GSV) is equal to GSV factors multiplied by the basic premiums paid. Basic premium is equal to total premium excluding applicable taxes and cess less underwriting extra premiums and rider premiums, if any. The GSV factors as a percentage of basic premiums paid for various policy durations are given below:

Policy Year	As percentage of basic premium paid
1	0%
2	0%
3	30%
4-7	50%
8-9	55%
10	55%
11-15	60%
16-20	65%
21+	70%

Surrender value of the vested bonuses, if any, is also added to this GSV. The surrender value of the vested bonuses is calculated by multiplying the vested bonuses with bonus surrender value factors.

The Special Surrender Value (SSV) will be based on an assessment of the asset share progression at different durations of the policy. This assessment would be based on past financial and demographic experience of the product / group of similar products and likely future experience and will be reviewed from time to time depending on changes in internal and external experience and likely future experience.

Special surrender value will be arrived at by multiplying paid up value on maturity with SSV factors.

On surrender, the higher of the SSV or the GSV will be paid.

REBATES

Rebates on large Sum Assured are available as discounts on the basic premium based on the following slabs. In case of regular premium, it applies across all premium modes.

The discount is as follows:

Sum Assured (₹)	Rebates on premium per thousand Sum Assured
₹ 1.00 Lac ≤ SA < ₹ 3.00 Lac	Nil
₹ 3.00 Lac ≤ SA < ₹ 5.00 Lac	₹ 2.00
≥ ₹ 5.00 Lac	₹ 3.00

PREMIUM CALCULATION – HOW TO CALCULATE THE PREMIUM?

- Choose the desired Basic Sum Assured
- Premium would be calculated from the table for the equivalent age. Equivalent age of joint lives is equal to age of the younger life plus an addition depending on the age difference. The age to be added to the younger life's age is given below:

Age Difference	Age Addition	Age Difference	Age Addition	Age Difference	Age Addition
0	0	7	4	14	9
1	1	8	5	15	10
2	1	9	5	16	11
3	2	10	6	17	11
4	2	11	7	18	12
5	3	12	8	19	13
6	3	13	8	20	14

Example if the husband's age is 45 and the wife's age is 37, then the age difference is 8 years. For this difference, the addition to the younger age is 5 years. Hence, in the premium table we would use the Equivalent age of '37 plus 5' which is 42 years.

POLICY LOANS

In situations of emergency, you may require funds to meet some expenses. To fulfil this need, we allow you to borrow against your policy. Loans will be available after the policy acquires surrender value. The policy loan will be limited to a maximum of 90% of the Surrender value. The loan interest rate to be charged will be declared by the company from time to time.

GRACE PERIOD AND REVIVAL FACILITY

We offer you 30 days grace period from the premium due date for yearly/half yearly/ quarterly premium and 15 days for monthly premium. The policy will remain in force during grace period and will lapse if no premium is paid at the end of the grace period. A lapsed policy may be revived within 2 years from the date of the first unpaid premium subject to satisfactory proof of insurability of both lives as required by the company from time to time.

PARTICIPATION IN PROFITS

The policy shall participate in the profits arising out of the company's participating life insurance business. It gets a share of the profits emerging from this business in the form of bonus. Simple reversionary bonuses would be declared as a percentage rate, which apply to the basic sum assured in respect of the basic policy benefit (not of riders). Reversionary Bonus is declared based on our long term view of investment returns, expenses, mortality and other experience. Once declared, the reversionary bonus will form a part of the guaranteed benefits of the plan. Future bonuses are however not guaranteed and will depend on future profits. The Simple Reversionary Bonus rate for the first 3 years is guaranteed to be at least 2.50% of the Basic Sum Assured.

A terminal bonus may also be paid at maturity, earlier death or surrender.

NOMINATION & ASSIGNMENT

Nomination is compulsory as per Section 39 of the Insurance Act, 1938, as amended from time to time, and the customer is requested to nominate in the proposal form without fail to receive the policy benefits in the event of his / her death.

The first life assured would be the natural nominee for second life assured and vice versa. In case of and subsequent to the first death, the surviving life assured may retain the earlier nomination or make a fresh nomination. The benefit in case of first death would be paid to the natural nominee.

The Policyholder(s) can also assign the Policy to a party by filing a written notice to us, as per Sec 38 of the Insurance Act 1938. Only the entire policy can be assigned and not individual benefits or any part thereof.

FREE LOOK PERIOD

You have the option to review the terms and conditions of policy within 15 days of receipt for policies sourced through any channel mode other than Distance Marketing and 30 days for policies sourced through Distance Marketing. In case you disagree with the terms and conditions, you can return the policy stating the reason for objection. Premiums paid by you will be refunded after deducting stamp duty and cost of medical expenses incurred. The proportionate risk premium for the period of cover will also be deducted.

TAX BENEFITS

Tax deduction under Section 80 C is available. However in case the premium exceeds 10% of the sum assured, the benefit will be limited up to 10% of the sum assured.

Tax exemption under Section 10(10D) is available, subject to the premium not exceeding 10% of the sum assured in any of the years during the term of the policy. However, death proceeds are completely exempt.

- i. from the date of inception of policy, whether sane or insane at that time, the nominee or beneficiary shall be entitled to 80% of the premiums paid, provided the policy is in-force. The policy will be void and no death benefit will be payable in such cases.

Provided that acceptance by an insurance agent of commission in connection with a policy of life insurance taken out by himself on his own life shall not be deemed to be acceptance of a rebate of premium within the meaning of this sub section if at the time of such acceptance the insurance agent satisfies the prescribed conditions establishing that he is a bonafide insurance agent employed by the insurer.

- 2) Any person making default in complying with the provisions of this section shall be liable for a penalty which may extend to ten lakh rupees.

Non-Disclosure:

Extract of Section 45, as amended from time to time

No policy of life insurance shall be called in question on any ground whatsoever after the expiry of three years from the date of the policy. A policy of life insurance may be called in question at any time within three years from the date of the policy, on the ground of fraud or on the ground that any statement of or suppression of a fact material to the expectancy of the life of the insured was incorrectly made in the proposal or other document on the basis of which the policy was issued or revived or rider issued. The insurer shall have to communicate in writing to the insured or the legal representatives or nominees or assignees of the insured, the grounds and materials on which such decision is based.

Nothing in this section shall prevent the insurer from calling for proof of age at any time if he is entitled to do so, and no policy shall be deemed to be called in question merely because the terms of the policy are adjusted on subsequent proof that the age of the life insured was incorrectly stated in the proposal.
