Benefits

Maturity Benefit (for In-force policies):

The maturity benefit is payable, if the life assured survives at the end of the policy term, provided the policy is in-force.

Maturity benefit is payable in the form of Guaranteed Income at the end / beginning of each income frequency chosen during the Pay-out period and 110% of the Total Premiums Paid# at the end of the pay-out period, irrespective of survival of life assured during pay-out period.

Life Assured / Nominee (in case of death of life assured after policy term) has an option to take discounted value** of the future benefits (future Guaranteed Income and 110% of Total Premiums Paid*), in the form of lumpsum.

^3 months before maturity, the policyholder will have an option to opt for receiving the guaranteed income at the beginning of the chosen income pay-out frequency, by intimating the company. Guaranteed Income payable at the beginning will be Guaranteed Income amount X Percentage as per the chosen Income payout frequency (which is for Yearly = 93%, Half-Yearly = 97%, Quarterly = 98% & Monthly = 99%)

#Where, Total Premiums Paid means total of all the premiums paid under the base product, excluding any extra premium and taxes, if collected explicitly.

**Discounted value would be calculated using discount rate per annum, where discount rate is 30-year prevailing G-Sec rate as on 1st April of each of the Financial Year plus 50 basis points.

Guaranteed Income Benefit:

The policyholder has to choose one of the following income pay-out options at inception:

- Level Guaranteed Income: Guaranteed Income remains level throughout the pay-out period.
- Increasing Guaranteed Income: Guaranteed Income will increase every year at a simple interest rate of 5% p.a. starting from second year of pay-out period.

Once chosen the income plan option cannot be changed during the policy term.

The policyholder can choose a pay-out period of 15, 20, 25 or 30 years depending on their future requirements.

The Income Pay-out frequency allowed are Yearly, Half-Yearly, Quarterly and Monthly.

The policyholder can choose any one of the income pay-out frequency option at the inception of the policy and also has an option to change the income pay-out frequency option, before the end of the Policy term. Once income pay-out starts the frequency cannot be changed.

Guaranteed Income Amount would be calculated as:

Guaranteed Income Amount = Guaranteed Income Factor X Annualized Premium Amount X 'Modal Factor' based on the Income Frequency chosen.

Where,

The Guaranteed Income Factor would be based on the Age at entry, Premium Payment Term, Policy Term, Pay-out Period, Annualized Premium and Income Plan option. Income pay-out will vary depending on the option chosen.

Modal factors for the income pay-out frequency are as given below-:

Income Frequency	Modal Factor	
Yearly	100%	
Half-Yearly	49%	
Quarterly	24%	
Monthly	8%	

• Death Benefit (For In-force policies):

On death of the life assured, provided the policy is in-force, at any time during the policy term, sum assured on death will be payable as lump sum to the nominee or legal heir of the life assured, as the case may be and the policy terminates and there will be no further benefits payable under the policy.

Where sum assured on death is highest of the following

- Sum Assured = 11 multiplied by annualized premium^
- Annual Guaranteed Income x Factor 1 + 110% of Total Premiums Payable~ x Factor 2
- 105% of Total Premiums Paid# upto the date of death

Where, Factor 1 is discounting factor for future guaranteed income and Factor 2 is discounting factor for 110% of Total Premiums Payable at the end of Payout Period.

For Increasing Guaranteed Income option, Annual Guaranteed Income of first year of pay-out period will be considered.

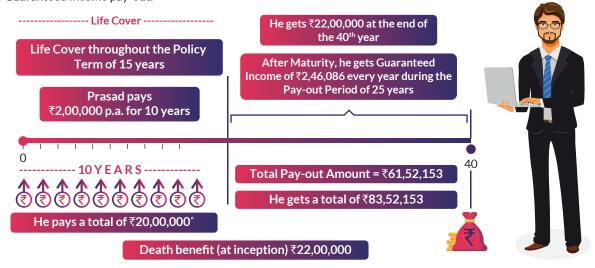

The factors will depend on the policy term, Guaranteed Income Option, Pay-out Period and the policy year during which the death claim is made.

- ^Annualized premium shall be the premium amount payable in a year, excluding taxes, rider premiums, underwriting extra premiums and loadings for modal premiums.
- *Total Premiums Paid means total of all the premiums paid under the base product, excluding any extra premium, and taxes, if collected explicitly
- ~Total Premiums Payable means total premiums payable during policy term under the base product, excluding any extra premium and taxes, if collected explicitly.

Illustration

Mr. Prasad, age 35 years, is an IT professional, who wants to explore avenues to augment his regular income and fulfill his aspirations along with managing responsibilities towards his family.

He buys SBI Life - Smart Platina Supreme with Level Guaranteed income option, for an Annualized premium of ₹2,00,000 & opts for a Premium Payment Term (PPT) of 10 years and Policy Term of 15 years. He has selected the pay-out period of 25 years with Annual mode of Guaranteed income pay-out.
